

Andrew Sherrod (Bell)

Full Stack / Mobile / XR Developer

👤 Profile

Globally experienced Full Stack / Mobile / XR Developer and Technical Project Manager with excellent problem-solving skills as well as a proven ability to pick up new frameworks / technologies quickly. A team player and personable leader with outstanding soft skills well versed in Agile/Scrum. Spent the last 8 years working (6 years remote) in the US as a Software Consultant for a Fortune 500 technology company where I provided both innovative technical solutions to customers as well as internally manage teams of developers.

📁 Employment History

Software Consultant at CDW / Sirius, Austin, United States

2014 — 2022

- Architect, develop and deliver successful software projects lasting 3 -24 months (Scrum/Agile) including:
 - Outdoor AR app for the City of Austin, allowing foreign investors to "see" future infrastructure projects using Google Tango (see Unite 2017 presentation)
 - Turbotax-like auditing web app for BDMP, a joint venture by 4 of the largest regional CPA and Management Consulting Firms in the US, automating a previously slow paper process
 - Member benefits app for Davis Vision, with tools for 75,000+ customers including AR try a frame, and geo-location for local branch navigation, improving member engagement

Android Developer at WME, Melbourne, Australia

2013 — 2014

- Develop, test and deploy to the App Stores, including Tram Tracker

IT Manager at Care Connect Ltd, Melbourne, Australia

2003 — 2013

- Manage all technology infrastructure and internal help-desk, project management, vendor management and align the IT strategy with the business goals of the organisation

🎓 Education

Certificate in Software Engineering, Digital Crafts, Atlanta, Georgia, United States

2020 — 2021

Master of Business Information Technology, RMIT University, Melbourne, Australia

2018 — 2010

Graduate Certificate Network Systems, Swinburne University, Melbourne, Australia

2002 — 2003

Details

Melbourne, VIC

+1 737 931 7453 (US)
